DETAILED ACTION

Allowable Subject Matter

1. Claims 12-22 are allowed over the prior art of record.
2. The following is an examiner's statement of reasons for allowance:

Regarding claim 12, the prior art fails to disclose or make obvious a system for measuring the refractive index of at least one medium having a waveguide comprising at least one transducer formed by a blazed Bragg grating, in a part of the waveguide brought into contact with a medium, wherein the spectral response of the blazed Bragg grating depends on the refractive index of the medium by means of energy coupling between the guided mode and cladding modes and/or a continuum of radiative modes, and a electronic processing means for determining, from the spectrum thus recovered a value of the refractive index of the medium. and in combination with the other recited limitations of claim 12. Claims 13-22 are allowed by the virtue of dependency on the allowed claim 12.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
